

Houston, Texas,
April 19, 1929.

(Bld) HOUSTON NEGRO HOSPITAL

Dr. Sidney Israel,
2001 Esperson Building,
Houston, Texas.

Dear Sir:

This owns receipt of your letter of April 17th with reference to the proposed gift for X-Ray equipment for the Houston Negro Hospital and, incidentally, with reference to Dr. Slaughter.

You did not answer the questions I asked you with reference to the proposed gift, the name of the donor and whether there were any conditions attached to the gift; neither did you state the things with reference to Dr. Slaughter that you said to me over the phone.

In justice to Dr. Slaughter, I desire to say that he has been connected with the work of the Houston Negro Hospital since long before it took concrete form and he is most highly esteemed by the donor, and, so far as I am concerned (and I am sure I can speak for the donor) he is not subject to criticism by you or anyone else.

Yours truly,

(SGD) W. W. MOORE
