

March 8. 1926.

Mr. Don Hall.
Houston, Texas.

RE: NEGRO HOSPITAL.

Dear Sir:

Your letter regarding sub-contractors received. I am not familiar with the Houston Art Tile & Terrazzo Company. Please let me know who the men of this company are. The Thomas Moulding Brick Company and the Otis Elevator Company are herewith approved.

The plastering contractor you suggest recently finished a similar piece of work for me. This is rather a special specification on plaster. In this particular case their work was very unsatisfactory and it has taken months to get the work corrected. They disregard instructions given them when on the job and were very slow to make corrections of faults thereafter. For your protection and the owner, I would prefer to see some one on the work who better understands this particular kind of plastering.

Yours very truly.
