Inter-Office Memorandum

To → President Hoffman
Vice President Allred
Dept. Vice President Nicholson
Subject Admission of Negro students

From R. Balfour Daniels *RB*
Date 9/4/62

Now that the date has passed for submission of applications to Graduate School for the Fall Semester, you might like to have some current information on applications from Negroes.

During the summer one Negro was admitted the First Summer Term, and three were admitted the Second Summer Term. For the Fall Semester, there have been 16 applications from Negroes. Of these, two have been accepted, one in the Music Department and one in the College of Education. Three have been disapproved: two on account of low grade-point averages and one by the Music Department.

The other 11 applications are being processed at the present. I shall try to keep you informed from day to day concerning these applicants.
