HOUSTON NEGRO HOSPITAL

Dr. Peter Gray Sears,
4613 San Jacinto Street,
Houston, Texas.

My dear Dr. Sears:

Having reference to the last
paragraph of your letter of May 20th:

Under date of May 18th I wrote
you a letter which evidently has miscarried; I
am sending copy of such herewith.

Meantime I have been diligently
following up the matter through different sources
in the hope that I could arrive at some conclu-
sions within the period suggested to you, a week
or ten days.

I now have engagements on this
question for later in the day and will have others
later in the week.

Until something definite regarding
City and County policy is determined, I see nothing
to be accomplished by our visiting Villa de Matel
or talking with Mother Placidus. Hence, again
suggest that this be deferred.

Yours very truly,

(Sgd) J. S. CULLINAN
