Program for Senate Work.

1. "Senators are much bigger men than Reps & must be handled differently" - Mrs. Catt.
2. Make men feel the burden rests on them to carry the Senate.
3. Make lists of State Repub & Democratic Chairmen County & City Chairmen and District Bosses.
4. Urge, insist, (stay till they do in some instances) these men, who are powerful in the parties and in the States, to write to and talk to their State Senators to vote for the Amendment.
5. The friendly Senators say "don't let the Amendment get cold" - so we will have resolution brought in in about 2 weeks (we now think).
6. Must have more men for the lobby even if they have to be brought from the States.

Am asking Chief Jus. Clark of Raleigh N.C.
 to send you his photo & terse statements on Fed
 Amend to use in daily press -

7 Press publicity Rose Young Chairman
Must have at once daily opinions
of men, powerful in each state in
the press. Also their pictures
Women must write short letters to
the papers - women whose names
will be known - (Miss Young asked me
if I could get ^{Ms Ida H. Harper} in Sev, Tex papers. This
I can't see to - The Indianapolis
Ind prints her ^{Ms Harper's} stuff + pays a good
price for it every wk - & it is said
to be very influential)

Interview prominent men.

8 Give men the 4 Fed Amend pamphlets
if you can, so they are assisted
in preparing series of letters to the
press - Even prominent men are often
grateful for suggestive material.

This is essential because senators subscribe to
Press Bureau to see just what the Press is
saying about their attitude on all questions.
It is influential where a letter might not
be.

You are to contr^{cent}ate on Culberson
On no one else.

Get a few big men to ask the President
to talk to Sen. Culberson.

We want to be ready in 3 wks but
don't want to tell anti's.

Every vote is a gold mine - we
are so near victory. The two deaths
and two severe illnesses have been on
our side

New Sen from Nev (or is it Utah) has not
arrived but being an appointee of a Sub
Governor it is supposed he is for States
the Fed Amend. The ones that must be turned
are about 8. Of course there are some unturn-
able hopeless ones like Wadsworth.

Culberson, J. S. Williams, Ollie James are thought possi-
ble.
