UNITED FUND MOVIE TO BE SHOWN THROUGHOUT  
COMING WEEK AS UF KICKOFF DATE NEARS

With "Kickoff Day" little more than a week away, plans are nearly complete to launch the '64 United Fund drive here at the Houston Refinery.

Throughout the coming week numerous showings will be made of the new United Fund film, "As These Eyes See", in the East Research Building Meeting Room. Before the showings are over it is hoped that every employee will have viewed the film. The schedule of film showings has been prepared to assure every employee at least two opportunities to attend, and

-----

DIAGNOSIS...NEGATIVE

M. A. Engelbrecht of the Engineering Field Department was one of over 2,000 Houston and Harris County residents who turned out on Monday and Tuesday evening of this week for Glaucoma screening to detect eye disease. Administering drops preparatory to an examination by a doctor is Hortense Hines, Refinery nurse, who served as a volunteer nurse during the screening..... Engelbrecht received the report he wanted to hear: "No trace of tension on the eyes."

this includes not only day schedule but those on 4-12 and 12-8 shifts.

The largest single meeting will be held Monday morning, October 7, in the Central Shops Building, at 7:30 a.m. for personnel of the Engineering Field and Purchasing-Stores Departments. Featured speaker for this meeting will be Alec Chesser, known to sports fans for years for his broadcasts of Southwest Conference football games, and an active, hard-working United Fund volunteer.

A complete film showing schedule will be circulated to the various departments in  
(continued on page 2)

UNITED FUND (Cont'd from page 1)

the Refinery in the next few days, so plan to attend one of the showings. Besides the film, a brief discussion period will be held to answer questions employees may raise.

PRESIDENT SPAGHT ON QUICK VISIT TO HOUSTON REFINERY

Refinery employees were surprised and delighted yesterday by a visit from Monroe E. Spaght, President of Shell Oil Company. Mr. Spaght was in Houston in the capacity of president of the Society of Chemical Industries, for a meeting of that organization. While at the refinery he took an auto trip around the area, winding up with a brief visit with the "Operation Amigo" Venezuelan students who were dining in the Refinery cafeteria.

WISE OWL CHARTER RECEIVED

The refinery has just received a copy of our charter in the Wise Owl Club, authorizing the establishment of a chapter here at the Houston Refinery.

The charter certificates reads: "...to encourage vision conservation and to provide recognition for those persons in industry whose sight has been saved through the conscientious use of safety eye wear". The club is sponsored by the National Society for the Prevention of Blindness.

As previously reported in an earlier edition of the SHELEGRAPH, P. D. Hunsucker of the Research Laboratory has been recognized as our first member in the organization.

NEWS FROM THE CREDIT UNION

From the Credit Union comes this reminder about "comakers"...Each co-maker on a note is responsible for the entire face amount of the note. Con-trary to popular belief, the amount due is not divided equally between all of the comakers...SO...know the person for whom you are signing a note and also know the other comakers. Remember that your signature is the security on which the loan is granted. You are telling the lender that you are guaranteeing payment if the borrower does not pay as agreed.

PASADENA LITTLE THEATRE OPENS NINTH SEASON

The Pasadena Little Theatre, staffed by many Shell employees and families, begins its ninth season next week with the presentation of "The Happy Time".

The play will be staged October 3, 4, and 5 at the Red Bluff Elementary School Auditorium, 416 Bearle, in Pasadena, with curtain time at 8:15 p.m.

Tickets are now available and are priced at \$1.50 per adult during the advance sale, and \$1.75 at the door. Tickets for students from elementary through high school are priced at \$1.00. For tickets or reservations, call Mrs. Sandy Diamond, GR-2-0151, or Mrs. Loma Callender, GR-3-2724.
