Dear Sir

In reference to our letter of April
28th we are pleased to submit a design of
bronze tablet under another cover and we estimate
the price of modelling this tablet by hand and
casting it in one solid piece of bronze at \$270

From six to eight weeks will be re-
quired to execute the order and we will appreciate
your returning the design to us with your decision

Your blue prints are returned with the
design

Respectfully

MO/T
