Mr. W. T. Sinclair,
20th Floor Petroleum Building
Houston, Texas.

My dear Mr. Sinclair:

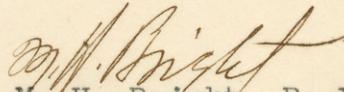

This comes to advise that the Birth Certificate for J. S. Cullinan Botley has been delivered to the mother, Mrs. Helen Botley.

I am enclosing envelope in which we asked the mother her preference in the wording of the name, which was returned as was the one sent under the name of I.M. Terrell.

Upon return of letter I had two Certificates gotten ready and carried them in person to the home and gave the mother her choice of the two, she selected J.S. Cullinan Botley. I made two trips in search of her home which I found yesterday. It was not such an out of the way place, I was just so poorly directed.

This closes the matter,

Very truly yours,

M. H. Bright, R. N.
Supt. Houston Negro Hospital.

We are just in receipt of some lovely fruit sent by Mr. Cullinan for lemon pies. Please bear to him our deepest gratitude and appreciation for such kindly thoughtfulness of us.
