

HOUSE OF REPRESENTATIVES
STATE OF TEXAS
AUSTIN

R. E. THOMASON, *Speaker*
T. B. REESE, *Chief Clerk*
JOHN N. SNELL, *Sergeant-at-Arms*

May 9, 1919.

Mrs. Cunningham:

In your speech this A.M. in House you might fortify, the the statement that the soldiers, as a rule, will vote for Equal Suffrage, by relating that on a winter day up at Stephenvill, Texas, a Red Cross woman worker was trudging through the snow with both arms full of clothes and gifts to be sent to the soldiers at the front, when an auto full of kakhi boys came whizzing ^{by} and seeing the women trudging through the snow, the auto that had passed by returned to where she was, and saluting her with "three cheers and a tiger" said:

"No woman who are our partners in the war shall walk when we kakhi boys can give them a ride!"

So at the election May 24th, the kakhi boys will help the women ride over the top into the Ballot Box Sector.

[The above incident is a fact.]
