C.I.M.A. DRILL DUE ON TV

From all reports the C.I.M.A. Drill held here at the Refinery this morning was most successful.

For those of you interested in seeing the drill on TV both Channel 11 and 13 had news photographers on the scene, and we understand it is quite likely that both stations will carry newsfilm of the drill on their 6 and 10 p.m. newscasts this evening.
