SPEAKING OF THE
PRESIDENTIAL
ELECTION IN
1920

*we would
remind
you —*

that

Twelve millions of women are entitled to vote for the next President of the United States.

that

This is over 40% of the total women of our country.

that

245 of the electoral votes come from States where women are voters.

that

The PARTY which secures the allegiance of the WOMEN VOTERS of the United States will be the party which will elect the next President.

We would also remind you—

that

the war has given the vote to the women of Denmark, Canada, England, Ireland, Scotland and Wales.

that

even Germany has given the vote to 21,000,000 German women.

that

the United States, which entered the war in the vanguard of democracy, has been outstripped and is now fighting a rearguard action.

*Finally we would remind you—
that*

the WOMEN VOTERS of the United
States are still *waiting* for the
passage of the
