Dear Sir & Madam:

I have been keeping in touch with the efforts of the Trustees to work out financial problems in connection with the Hospital, and so far they have not made very much progress.

I am strongly of the opinion that we should not sanction the opening of the Hospital through the Negro Trustees until definite financial arrangements have been made for its maintenance and operation, and think we should give them ample time to develop their full strength before we make recommendations.

I will keep you advised from time to time as to progress made by the Trustees.

Yours very truly,

(SGD)

W. W. MOORE

Chairman.
