

Miss Miller: Came across this in my files. Maybe you need it?

BASTROP COUNTY

March 13, 1919.

Mrs. Eva Hill Karling,
Hills Prairie, Bastrop County,
Texas.

My Dear Mrs. Karling:

Your letter reached Mrs. Cunningham at a sad time, when she had returned to headquarters from some imperative trips, and received word of the loss of a brother in France. She left at once to be with her mother at New Waverly, but before going asked that I thank you for your good letter and the details as to speaking in Bastrop. Following her return, she will see what can be arranged, and wishes me to remind her. You will be able to appreciate how very hard it is going to be to go on with these speaking engagements, but may be assured she will do her very best for the successful outcome of our campaign. As Mrs. S. L. Staples, who resides at Smithville, is Senatorial District Chairman for the Nigtheenth Senatorial District, I am also passing those names to her.

With good wishes to you and the work in Bastrop County, I am,

Sincerely yours,

Headquarters Secretary.

Dear Miss Cunningham:-

You will remember that you told me last Wednesday, after the luncheon at the Driskill, that you would come to Bastrop any time - I have seen the Hon. W. E. Maynard, and he said if I would write to you, to write to his wife - he thought he could get her

to arrange with you for your
dates in Dastrop - And he said
would meet you at the train,
and introduce you - He
is more of a Duffagett than
she is - When you write to
her do not mention my name
for I have thought it best
to move very quietly in this
matter - Last year the Hon Paul
D-Page prevented Mrs Ward
from coming to Dastrop after
she had made all her plans to
do so - Hoping it will be
as you can see before my
leaving, and have the afternoon
meeting for the ladies as you
suggested, and then the speaking
at night - After the date is
set, then we will advertise
it and try to get a good
crowd and to hear you -
Very sincerely yours Miss Eva Hill Kashing
