

Hamstam, Texas.

April 7th 1928.

Mrs J. S. Cullinan

Dear Sir:

owing to your broad heart in giving the beautiful Colored Hospital to my race I want to tell you where I think there is an undeveloped gas and oil field seventy two miles from this place. Why I think so is because when I was a child the owner of the land was digging for water and gas bursted forth with such strong force that it would carry

up dirt and chunks that
was thrown in it to
stop it up. They finally
succeeded in filling it
up but the old white
people at that time
called it the devil
turned loose.

Respectfully
(Mrs) P.E. Shelton
Route 5 Box 342.
