My Dear Mrs. Affleck:

Your lovely poem in the Chronicle, a week or so ago, was enjoyed by all of us, and I have hoped (in vain) for time to run out and call on you and say so!

Also I was minded to catch you in a kindly Christmas state of mind and ask a great favor, and that I am going to do by letter. Please, we are getting up a picture series of the splendid elderly women of the state who stand for Suffrage, to be published first in the state newspapers, and then National-ly. Will you not let me have yours, and a short biography of your life to go in this series? It would be such a help to Suffrage, and I would appreciate it so much that I am ventur- ing to ask and hope that you will grant such a great favor!

Wishing you the happiest of Happy New Years,

Cordially yours,

MFC-EHL

President.
